# Knowing Circular Economy in Black Sea Basin

Project BSB1021 CIRCLECON  
European Neighbourhood Instrument Cross-Border Cooperation

## Invitation to potential members

Varna Free University "Chernorizets Hrabar" (VFU) as a lead beneficiary of the project BSB 1021 "KNOWING CIRCULAR ECONOMY IN BLACK SEA BASIN-CIRCLECON" under the cross-border cooperation program under the European Neighborhood Instrument "Black Sea Basin 2014-2020" awarded a contract to "Organic Herbs OOD" with the subject: "Establishment of a European Group for Territorial Cooperation in the Black Sea Basin Region". The contractor acts in favor of the VFU "Chernorizets Hrabar" as the responsible partner for this activity aiming to establish an EGTC with the participation of organisations from the Black Sea Basin area.

### The main objectives of the EGTC include:

- 1-Promoting and support special provisions for the adoption of Circular Economy Model in BSB countries
- 2-The adaptation in the new programming period national / regional and local strategies in the BSB area to EU CE action plan

Moreover, the EGTC aims at contributing to the:

- EU Green Agenda & Green Deal
- EU Blue Economy
- Black Sea Synergy (BSS)
- Common Maritime Agenda for the Black Sea (CMA)
- EU Strategy for the Danube Region (EUSDR)
- A Smarter cooperation area
- Promoting climate change adaptation
- To the 17 UN Sustainable Development Goals
